

Gift in Will

Help Wellways make mental health services better and create your legacy by leaving a gift in your will

Your Gift in Will makes a real difference

Your will expresses who you are, whom you care about, and what your true passions are.

At Wellways, our passion is to support people's social, emotional, and physical wellbeing through community-based services.

After meeting the needs of your loved ones, your Gift in Will continues to improve the lives of people we work with, creating a legacy you will be remembered by.

"I don't think there's ever enough being done to fight mental [health issues]. When our family needed it 30 years ago, mental health services and support didn't really exist."

How we celebrate Frank Woodcock's legacy

Sadly, Frank passed away in 2017. However, having been a lifelong advocate for mental health support, he decided to leave a gift in his will to Wellways.

With Frank's blessing and kind donation, Wellways hosts an annual public lecture in his name.

This main calendar event has become a leading forum, bringing together experts and people with lived experience to advance thoughts and ideas on how to improve mental health services.
